CARAVANS

2026 Range

Built for life.

We are very pleased and extremely proud to introduce you to our range of Essential Caravans.

Our extensive range of models & layouts have been created to suit your individual tastes & needs.

Since Essential Caravan's emergence in 2015, we have built and delivered over 8000 caravans to all over Australia.

The Essential brand is a recognised and well-respected driving force in the Australian Caravan industry.

We invite you into the ever-expanding Essential family, and we would be honoured and proud to build the caravan of your dreams!

Essential Caravans is an Australian Owned Certified business! This certification not only reflects our commitment to quality but also assures that your support helps grow the Australian economy. The Australian Owned logo is more than just a badge – it's a symbol of trust and authenticity.

Join us in celebrating Australian owned and Australian local businesses and keeping your money where it matters most!

Introducing the 2026 Highlander Series. Style, Ruggedness & Comfort all rolled into one outstanding Off-Road Essential

The Highlander offers ultimate insulation with full Fibreglass sandwich panel construction. Combining solid ply CNC machined furniture, full off-road suspension, a tough Australian-made steel chassis and a massive Solar & Lithium Battery Management System, the Highlander gives you the freedom to venture further afield for extended Off-Grid adventures.

Make sure the all-new Highlander is on your radar!

Interior Colours

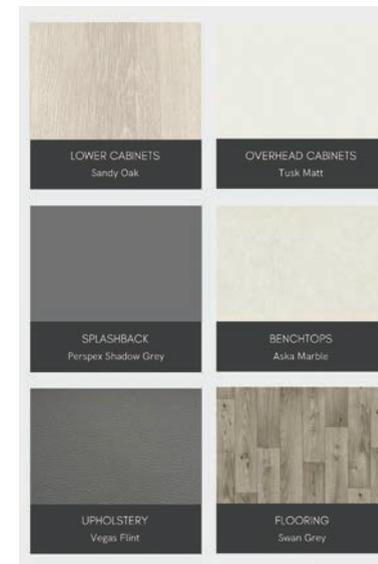

Experience tells us that internal colours and lighting both make all the difference in a caravan. It needs to not only look right, but feel right. We have employed the advice and expertise of professional interior decorators to help create our internal furnishings and finish.

With a choice of internal colour palettes, you can create the Essential of your dreams.
